Introduction to The Hive

The Hive is a unique Grade 'A' office building in the heart of Manchester's thriving Northern Quarter. Designed by 5plus Architects, who are also one of the occupiers, The Hive is one of Manchester's greenest and most energy efficient buildings. The building won the prestigious British Council for Offices Award for Best Commercial Workspace in the North in 2011.

The 80,000 sq ft building is home to some of Manchester's most creative and innovative businesses, while the ground floor arcade provides popular F&B and amenities which are enjoyed by tenants and visitors from across the city.

The building was acquired by Grosvenor in 2021. A privately-owned international property company with a track record of over 340 years, Grosvenor develop, manage and invest with a purpose of improving property and places to deliver lasting commercial and social benefit.

IF YOU WERE BORN IN ONE PLACE, GREW UP IN ANOTHER, BUT NOW LIVE SOMEWHERE COMPLETELY DIFFERENT, WHERE ARE YOU FROM? TRICK QUESTION! BETTER QUESTION: WHERE ARE YOU FROM? WHERE DO YOU FEEL?

Full Refurbishment

As the new owner of The Hive, Grosvenor have undertaken a substantial refurbishment of the building. The aim of the refurbishment is to reposition the building by upgrading the ground floor receptions, cycle facilities, lift lobbies, communal WCs and fully refreshing the vacant office suites.

Incognito were the interior designers responsible for the transformation of the space. An exciting new interior design and branding studio, Incognito deliver high profile projects for global occupiers and funds on a national and international scale. The studio offers highly experienced award-winning designers working on a range of services from workplace consultancy right through to launch strategies and marketing collateral for new building environments.

The updates make a statement of intent in the city and fully embed the Hive within the Northern Quarter.

Quality Cycling Facilities

As part of the building refurbishment, Grosvenor has doubled the size of the cycling storage and changing facilities. The thoughtful design and attention to detail will make for an enjoyable user experience akin to a health club to encourage building occupiers to adopt sustainable travel choices. The new facilities include:

Substantial bicycle storage

6 new showers including an accessible facility and WC

56 lockers plus dedicated drying room

Vanity area with hair dryers and iron

Electric bike charging

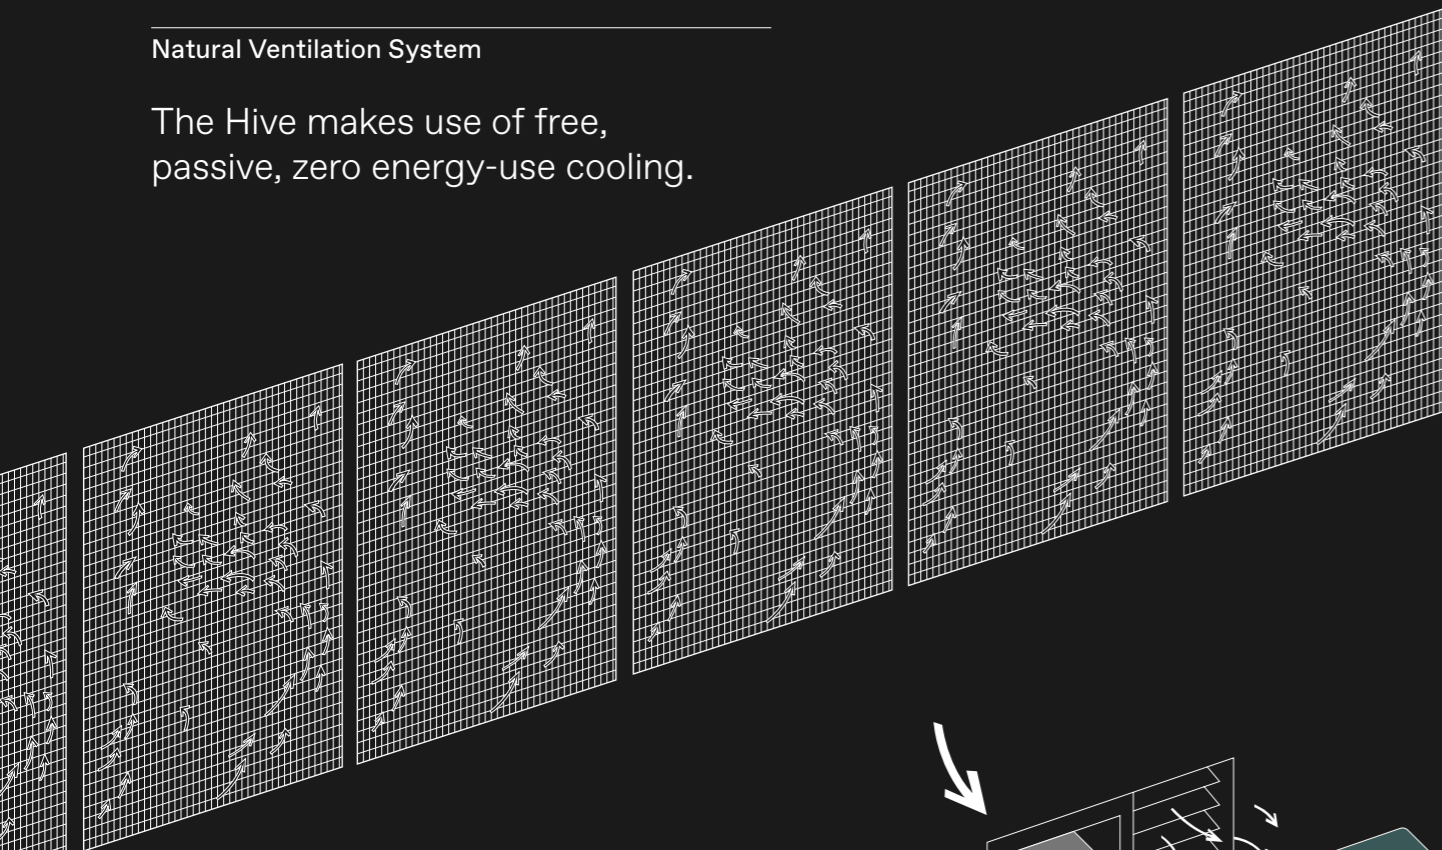

Cycle repair station

Sustainability

Natural Ventilation System

The Hive makes use of free, passive, zero energy-use cooling.

Solar shading
A 45m long façade screen fixed along the southeast face of the building designed to filter sunlight

High performance insulation
Over 50% more efficient than standard conservation of fuel and power requirements

Window-mounted roller blinds act as solar shading

Window design
The openable aspect of the design allows good user control for ventilation. Excellent light with 2.9m floor-to-ceiling design

Motorised louvres
Night cooling dampers open to cool the building at night where appropriate, with weather-resistant ventilation
